CHLOE POLK

PRODUCT DESIGNER | ECOMMERCE OPERATIONS

Tacoma, WA · 253.313.8916 · chloe@hichloe.me · **hichloe.me** · linkedin.com/in/chloe-polk

SUMMARY

Product designer with an ecommerce operations background. Designs the interfaces and owns the design system behind Prosera's enterprise AI products, working client feedback through Figma into builds alongside engineering. Previously ran Shopify storefront operations and daily live selling across 1,800+ products — comfortable owning both the interface and the operation behind it.

SELECTED WORK

- **Meridian** — AI-assisted hospitality operations platform. Concept project: design system, four screens in light and dark, plus the edge states most demos skip. **hichloe.me/meridian**
- **Typeshelf** — local font library viewer. Designed, built, and shipped. **hichloe.me/typeshelf**

CORE SKILLS

Product Design Figma, design systems and tokens, prototyping, WCAG AA accessibility, developer handoff

AI & Technical Agentic AI products, prompt engineering, agent behavior tuning, Cursor, HTML/CSS

Ecommerce Shopify, inventory management, order processing, fulfillment, live commerce (Whatnot, TikTok Live, eBay Live, Fanatics Live)

Creative Adobe Photoshop, Illustrator, Canva, promotional graphics, print production

EXPERIENCE

PROSERA, INC.
Apr 2025 – Present

UI/UX & Product Development | Sales & Marketing — *Enterprise agentic AI startup*

- Design and prototype client-facing interfaces for enterprise AI platforms, including supply-chain operations tools.
- Built and maintain the design system used across those platforms — components, variables, light and dark theming.
- Sit in client conversations, then turn that feedback into prototypes fast enough to review in the same cycle.
- Prototype features in Cursor alongside engineering, so handoff starts from something that runs.
- Write and tune prompts and agent behaviors, evaluating output against real client scenarios.

MAINTENANCE MAN UNLIMITED
Sep 2024 – Apr 2025

Office Administrator — *Construction and property management*

- Launched a property-management service line generating roughly $20K of maintenance work across 150+ properties in its first month.
- Ran full-cycle invoicing and accounting in QuickBooks Online across about 200 transactions a month, alongside contracts, liens, HR, payroll, and client communications at full compliance.

GOING TWICE, INC.
Jan 2021 – Sep 2024

Ecommerce Operations & Livestream Sales Lead → Team Lead — *Live commerce and collectibles*

- Ran Shopify storefront operations end to end — product creation, pricing, inventory, order processing, and fulfillment — across 1,800+ products.
- Hosted daily live sales on Whatnot, TikTok Live, eBay Live, and Fanatics Live, averaging $9.5K per 10-hour broadcast.
- Grew Instagram, TikTok, and Whatnot channels from zero to 150K+ combined followers, helping establish one of Whatnot's earliest breakout channels.
- Designed print and retail collateral in Photoshop and Illustrator — inserts, business cards, flyers, in-store signage — print-ready for vendor handoff.
- Promoted to Team Lead in 2023; held brand consistency as the company grew from 8 to 50+ employees.

LINCOLN PROPERTY COMPANY
Jun 2019 – Jan 2021

Service Coordinator | Accounting — *Military housing, Joint Base Lewis-McChord*

- Managed accounts payable, compliance audits, and budgets for 70+ vendors and $46M+ in operations.

TRAINING

Expert Prompt Engineering — multi-month weekly cohort taught by Prosera's co-founder. Applied prompt writing, agent behavior refinement, and output evaluation; joined Prosera on completion.
